01 Gummies supplement growth

Gummies are an innovative, more attractive alternative of delivering VMS, maintaining the effectiveness of the traditional VMS pill.

Did you know that....

Gummies or soft chew supplements rank on **2nd** place in the most commonly used form by consumers*, and at the same time are experiencing the largest growth among formats in the category?

**Source: World Health Organization. WHO Technical Report Series, No. 953, 2009*

Not only that, Gummies have also moved past multivitamins into almost every segment: fiber, heart health, vision health, prenatal, weight control, sport nutrition, sugar free; and much more!

It is very surprising the popularity of this format among kids, and now adults!

Consumer trends

02

A gummy for everyone

Gummies are not only for kids anymore! Adults want to have bite of youthful fun. Gummies are positioned as a more premium product.

Functional and sweet

Multivitamin, supplement and vitamin gummies are growing faster than other delivery systems.

Natural ingredients: 20% of the world's confectionery consumers look for natural ingredients.

Healthy sweetener:

Different options for target interested in health and wellness.

Different sources of healthy can be added into a gummy:

- Low calories: inulin, polydextrose, xilitol, maltitol, FOS.
- Same calories: tapioca syrup, rice syrup.
- Sweet flavor helper: stevia

Inside and outside beauty: gummies with ingredients that enhance beauty while giving the body the needed vitamins and minerals.

Source: FONA INT. Gummy Category Insight.

**Gummies are not only
for kids anymore!**

03 The Fun-Triton experience!

**Nutrition is easier
when it's fun!**

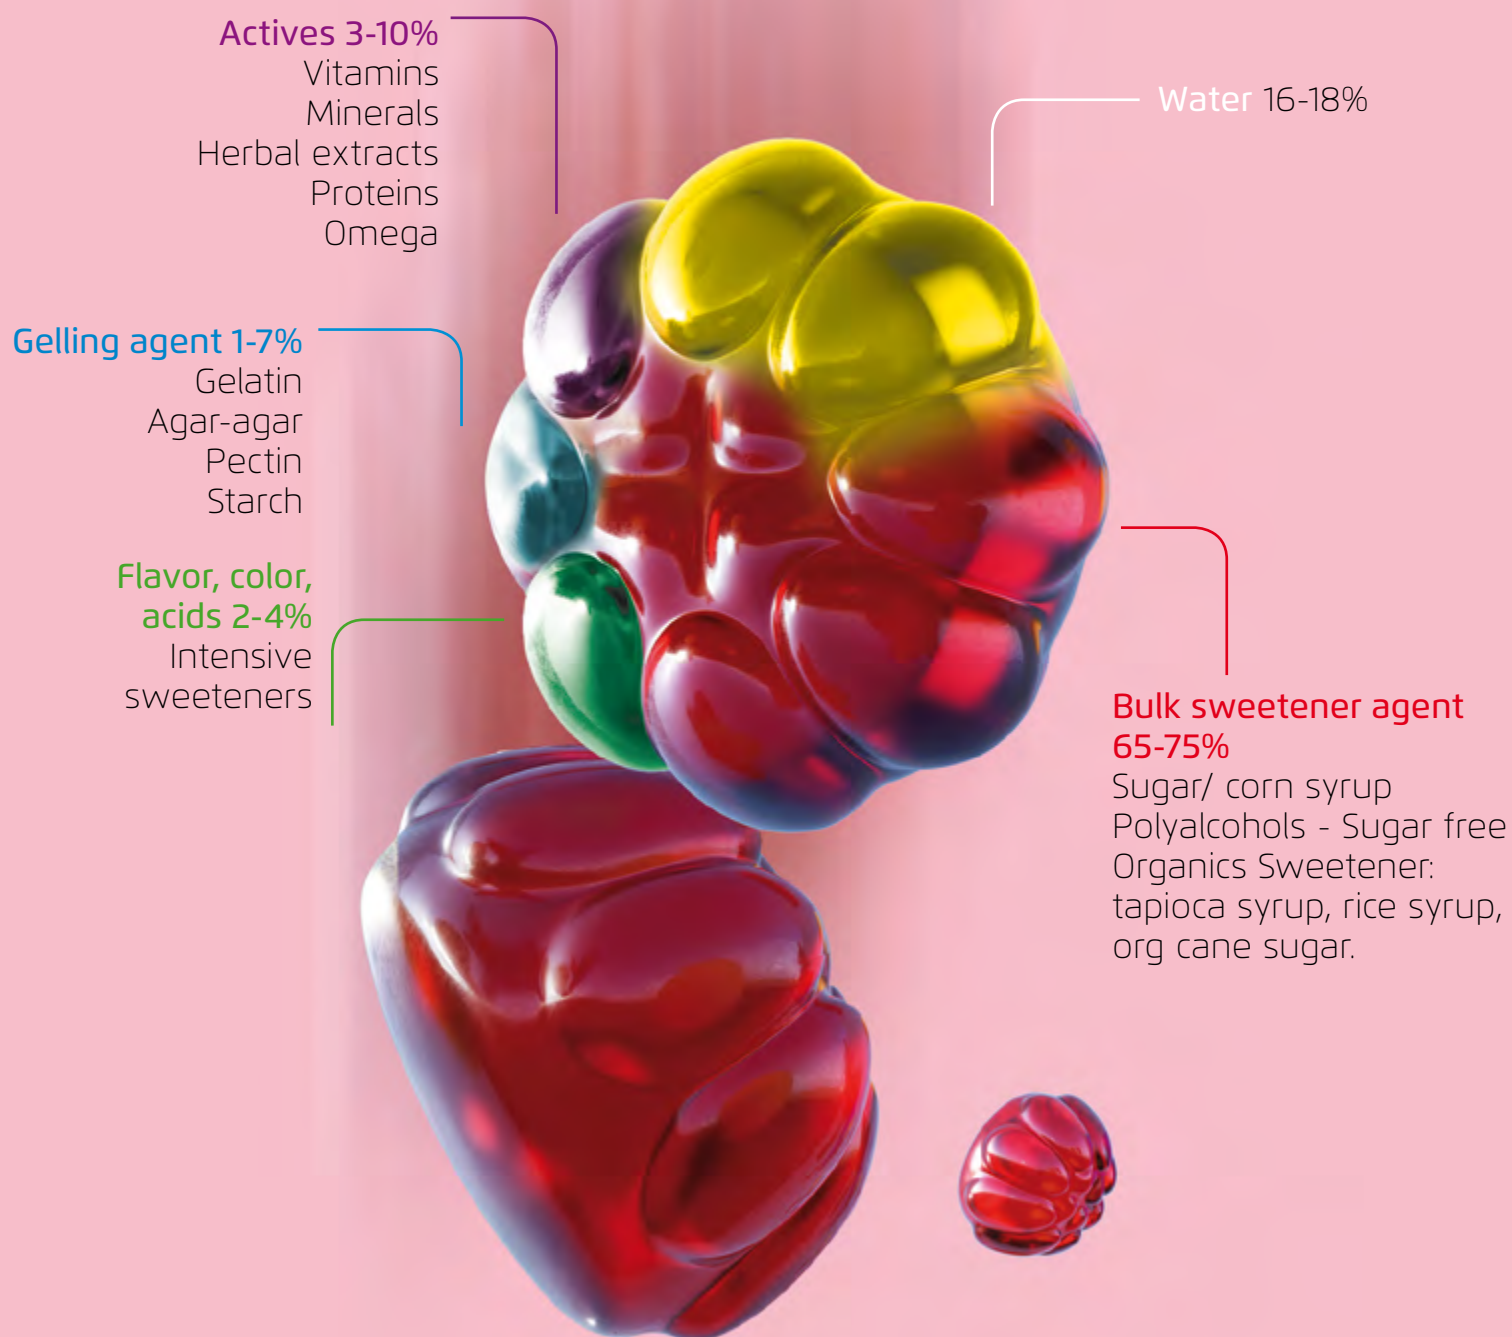

One of Softigel's platform technologies are Gummygels, gelatin based* sweets which bring incorporated nutritional components, offering consumers a tastier, more pleasant way of taking vitamins and supplements. They come in delicious, all natural flavors.

Not only do they taste good, but with the nutritional adding they help maintain a healthy immune system and protect your organism.

**Non gelatin gummies are also available.*

A blend of nutrition and innovation

05 Advantages of our Gummygels

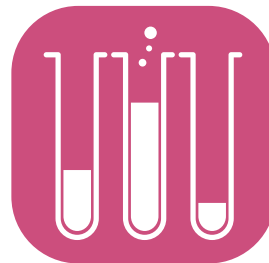

Delivering a
convenient and
healthy product

Naturally flavored
and colored

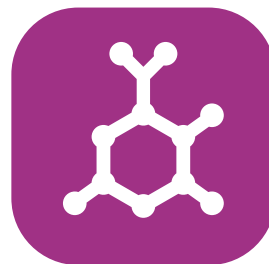

Specially formulated to
guarantee consumer
adherence (taste &
appearance)

Enhanced stability
avoiding color oxidation

Custom made
formulations

Dedicated R&D team
to design, formulate
and launch your ideal
product.

At Procaps, we have developed and manufactured **+200 formulations** in nutritional gummies since 2003 for customers in more than 42 countries around the globe.

Gummygels for every need

06

All gummies in general have in common 2 ingredients:

Water: as regulator of the consistency between soft and hard, which dissolves the ingredients.

Gelling agents:

Which can produce a range of gummies formulations* with special ingredients.

Different types of gelling agents are used: pectin, agar-agar & potato starch.

Sugar gummies

obtained from the mixture of: sugar, glucose and gelling agents.

Sugar
ummies

Low sugar

An amount of sugar and/or glucose has been partially replaced by another component for reducing calories or glycemic index.

LOW
sugar

Gummies with Fiber contribution

All sugars in the formulation have been replaced. The most common are xylitol, sorbitol, mannitol, maltitol and erythritol which can be declared as "sugar-free" and "low calorie".

Gummies that contain inulin, FOS y polidextrose bring a dietary fiber** contribution to the organism.

sugarfree

** The declaration of fiber contribution depends on each country and on the amount of fiber included in the product.

* non-gelatin gummies can also be manufactured under request

Choose your color & flavor

Our range of flavors and colors are infinite!

Natural: extracted directly from its natural source or WONF (With other natural flavors)

Artificial: synthesized or identical in profile to its natural flavor.

Some of our exciting flavors include:

- Strawberry
 - Mangosteen
 - Papaya
 - Tamarind
 - Mix berries
 - Wild berries
 - Vanilla
 - Strawberry-banana
 - Cream
 - Coffee
 - Chocolate
 - Moccha
 - Capuccino
 - Peppermint
 - Cardamon
 - Mix
- ...and many more!

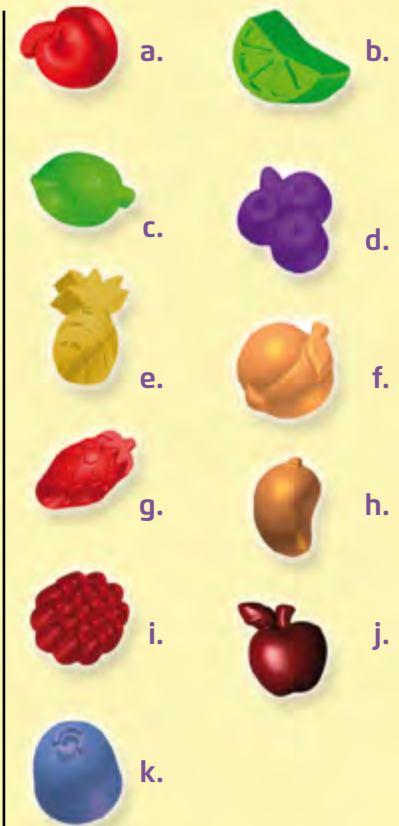

Incredible shapes and sizes!

2-2.5 grams.

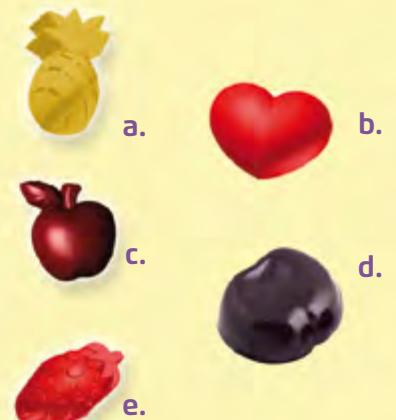

2-3.5 grams.

4-6 grams.

5-8 grams.

* Not limited to this figures, talk with our experts for more options.

Our Gummygels are:

For some countries and some products we can declare 100% naturals.
All ingredients are Halal & Kosher

Enhance your tasting experience with our nutritional gummies formulations, considered today one of the fastest growing formats within the VMS categories. *

Gummygels Vs. Other Delivery Systems

No water needed
No swallowing difficulties
No gastrointestinal side effects

Easy to take them anytime, anywhere
Replacement for an unhealthy snack
or instead of dessert
A tasty and effective alternative.

08

Manufacturing and R&D facility

At our specialized gummygels manufacturing facility located in Bogotá, Colombia we manufacture and develop a wide range of gummies formulations with special ingredients.

- Production area: 456 m²
- Packaging area: 84 m²
- Bottling area: 64 m²

- Semi-automated equipment & process.

- Differentiated process that uses PET trays to mold the gummies

- Our use of PET trays offers an advantage in quality and aesthetics versus the cloudy appearance often seen with starch.

- Other companies use re-circulated starch in their molding process.

- Replicated drying chambers from our encapsulation facility help reduce overall production time.

- Improved formulation development in innovative flavors & texture

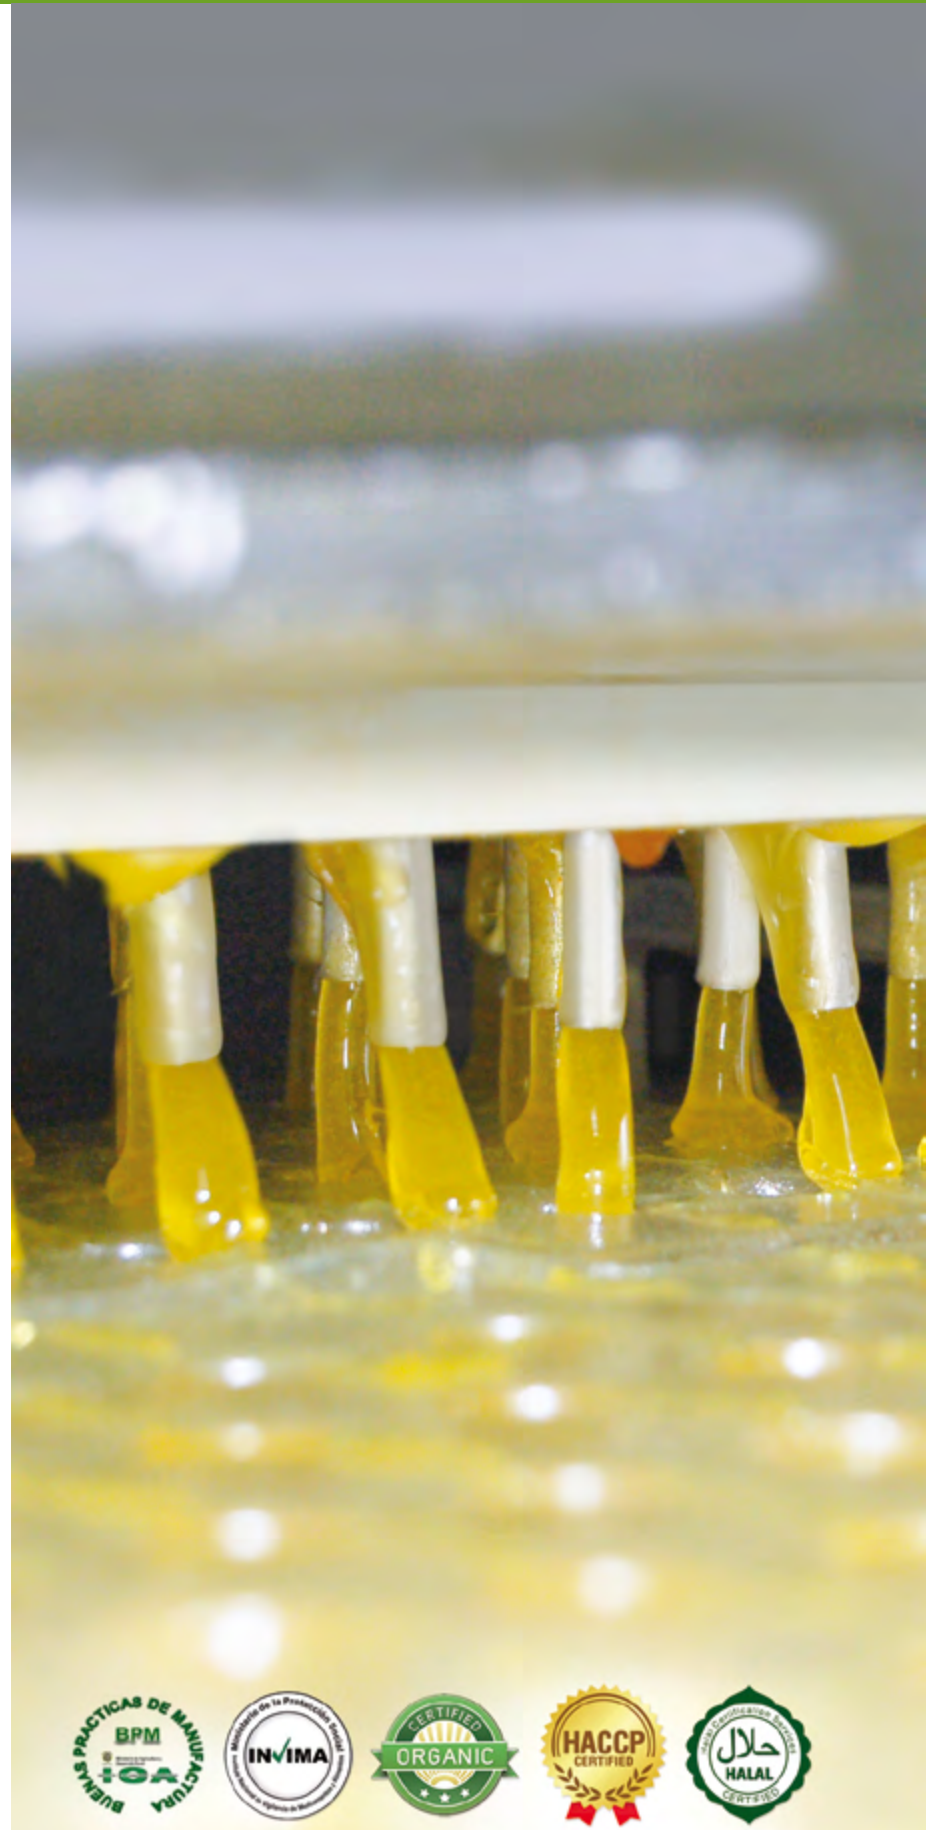

- Independent 3rd party GMP audited & approved

- Quality assurance & control

- Certified organic QAI

- GMP

- HACCP

Manufacturing and R&D facility

Interdisciplinary Research and Development Group, with expertise in nutraceuticals, confectionary and pharmaceutical processes.

More than 10 years of experience in the field

Experience in logistics for international shipments.

More than 100.000.000 serving sold.

More than 210.000.000 servings per year.

09 Packaging options

Doy pack: contains up to 120 gummies in 30 mini sachets. Each sachet carries 4 gummies. (Depending on the established daily value).

Bottles:

a. Shrink Wrap Bottles:

bottles wrapped with customized colorful labels, add text and images to your bottles.
50g, 100g, 150g, etc...

b. Standard Bottles:

packaging is measured by weight and it can be customized to the desired presentation. 50g, 100g, 150g, etc...

* Packaging options are made according to consumers needs and specifications.

Packaging options

Display box x 30 sachets:

each box carries 30 sachets.

- this model is a carton box with a metallic finish.

Plastic bag x 12 sachets:

each sachet carries 4 gummies (depending on the established daily value).

Display box x 15 sachets:

each box carries 15 sachets.

Mini bags or sachets:

Holds up the number of gummies for a daily serving.

Packaging options

Display Box with bag x

45g: each display box holds a plastic or aluminium foil bag x 45 of gummies.

Display box x 14 or 28 gummies.

Carries individual packaged gummies. The display box has a windows so the inside is viewable.

Plastic bomboniere: holds up to 80 sachets.

Candy Mini Packs: packaging is measured in grams. 50g, 100g, 200g.
• It can be customized to the desired weight.

Brands that are having the fun-trition experience!

11 Product development ideas

Adult gummies

Perfect for adults who want a tastier, more pleasant way to take vitamins and supplements. They come in delicious, all natural flavors ensuring an adequate intake of key nutrients that promote overall health. **Specially formulated with key nutrients for daily nutritional support.**

Product development ideas

Adult gummies

Product development ideas

Kids gummies

Special formulations for kids in a variety of shapes, sizes, colors and delicious all natural flavors **with key nutrients to support immune, digestive and brain health for the little ones.**

Product development ideas

Prenatal gummies

Dietary supplements for pregnant and trying to conceive women, with the adequate composition of DHA, **folic acid and multivitamins needed during pregnancy.** In all natural flavors. Colors from natural sources. Great tasting.

Product development ideas

Heart gummies (for all ages)

Delicious gummies with excellent source of Omega-3 DHA & EPA for **cardiovascular and brain health**, with little or no fish taste.

Product development ideas

Women gummies

Gummies that provide women with the nutritional support their bodies may need like vitamin D and collagen for skin, **hair and nails, weight loss gummies, plus many more formulations.**

Product development ideas

Organic gummies

Gummy formulations made with thoughtful ingredients from organic extracts such as acerola, sambucus, coconut water powder, elderberry powder, and many more, for boosting up your immune system, plus other benefits.

Product development ideas

Sugar free gummies

Formulated gummies with special nutritional support for the diabetic patient.

- Sugar-free
- Fat-free
- Contain chrome piccolinate
- low in calories
- Daily Serving: up to 4 gummies

Product development ideas

Pets gummies

Everyday nutrition also includes special formulation for pets.
